

WEEKLY UPDATE

1/18/2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 26 residents and 18 staff members test positive for COVID-19. All residents and staff members of Las Brisas Rehabilitation and Wellness Suites were tested per rapid antigen process 1/15/2021 with negative results for all. We are following Dallas County Health Department's directions for nursing facilities to minimize exposure and prevent COVID-19 cases for all residents and staff members.

Monday, January 25th, 2021, in conjunction with Walgreens, Las Brisas will administer the second round of COVID-19 vaccinations for residents and staff. We continue with our battle against COVID-19 and appreciate the professional staff at Walgreens in partnering with Las Brisas in this critical process.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 972-957-0100.

Sincerely,

David Pennybacker
